

# CONGRATULATIONS

We are thrilled to share that in QS World ranking, Civil Engineering Department of IIT Roorkee improved its ranking from 101-150 range in year 2023 to 51-100 range in year 2024. This jump has been possible because of the collective hard work of each and every faculty member of the department. During his visit to the department, on April 15, 2024 Director Prof. K K Pant, alongwith Deputy Director Prof U P Singh, motivated the Civil Engineering faculty to bring it to 1-50 range in 2025.
